The Acura TSX is a luxury car manufactured by Honda. Keeping up with the brake lights is an important part of vehicle safety. Working brake lights allow other drivers to know what you are doing on the road and prevent unnecessary fix-it tickets. Replacing an Acura TSX brake light is a simple do-it-yourself task that ...

How to Replace the Brake Light in an Acura TSX | It Still Runs

if you want to only replace the bulbs, i found that all you have to do is go to those plastic covers right next to the fog light, push it in and put your hand around and feel your way through. However, since there is a lot of hand feeling, be very careful or just but in LEDs that have the H11 socket
