Newspeak - Wikipedia

Interesting as 1984 Newspeak is, of course, a language, for example English, is not a permanent unchanging thing. We can only just comprehend Anglo-Saxon or Medieval English and Shakespeare is hard to interpret at times. Language is a tool of culture and culture is never static. Words are being added and changed in meaning all the time.

Newspeak is all about the simplification of language, paring it back to its bare bones in order to reduce it to pure function. So, for example, the Ministry of Truth and the Ministry of Love ...

What does 'Orwellian' mean, anyway?

In 1984, Orwell thought carefully about the power of language. Newspeak, the invented language of the novel, is specifically designed to control the thought process via a limited vocabulary and a system of brutal simplification that prevents complex thought or the expression of any concept not in line with the totalitarian government's orthodoxy.

The Mutability of History

In conversation analysis, the cooperative principle is the assumption that participants in a conversation normally attempt to be informative, truthful, relevant, and clear. The concept was introduced by philosopher H. Paul Grice in his 1975 article "Logic and Conversation" in which he argued that "talk exchanges" were not merely a "succession of disconnected remarks," and would not be rational ...

The Cooperative Principle in Conversation

Call-out culture is a phrase that seems to twig the ears of every far-left and far-right keyboard warrior out there (I can almost see you flexing your knuckles and getting ready to dive into the comment section from here), but at its core, the concept is not a bad one.
