Etec Service Bulletins

Certain Evinrude® E-TEC® G2 150-300 HP outboard models, built in June or July of 2017. What is the potential problem? The nuts on the gearcase, and on the exhaust housing extension (if applicable), may become loose, allowing the gearcase assembly to detach from the outboard engine.

Recall Information | Evinrude US | Evinrude US

Welcome to the Evinrude family and we are pleased to see your interest in keeping your motor in top shape. Unlike most bulletins for cars, the bulletins are proprietary - and that applies to a majority of outboard motors. Your dealer technician is the one who can check the model and serial numbers to see if any apply to your engine.

New Purchase - Service Bulletins - E-NATION

Evinrude E-TEC Bulletin 2012=02(W), is not a "recall" but it does call for dealers to provide for the removal and replacement of all affected model 2008 -2010 Pressure Relief Valve Assemblies whether customers are in warranty or out-of warranty.

The non ETEC's definately have a time limit on them of 5000 km for the top end however the bottoms have improved through the process. I think you have definately had a lemon since day 1 by the sounds of it. Hopefully BRP will come to there senses. I would tell you to get your dealer to contact Rich Klein or Gordy Radke in service.
