### Beyond the Pill by Dr. Brighten - Dr. Jolene Brighten

Student loan interest is charged as a percentage of your current outstanding balance. As you make extra payments and lower your balance, the amount you're charged will go down, as well. Paying off your student loans early also means you'll pay less total interest compared to your loan costs if you follow your regular payment schedule.

### 5 Benefits of Paying Off Student Loans Early - The Balance

A charge-off is what happens when you fail to make your credit card payment for several months—usually six months in a row. After several months of non-payment, a creditor writes off the debt as a loss—in their accounting books—cancels your account, and demands that you pay the past due balance in full.

### How to Remove a Charge-Off From Your Credit Report

A balance transfer card lets you transfer balances from your old card to the new card. If that \$5,000 balance on a card at even 29.96% can be transferred to one with 0% interest for 18 months, you that \$1,498+ in interest each month. And if you put that money saved, toward the card's balance, you pay the full \$5,000 balance off in just 7 months!
