The bombe (UK: / b ɒ m b /) is an electro-mechanical device used by the British cryptologists to help decipher German Enigma-machine-encrypted secret messages during World War II. The US Navy and US Army later produced their own machines to the same functional specification, albeit engineered differently both from each other and from Polish and British bombes.

Bombe - Wikipedia

"Asian values" have a role in this debate but it would be wrong to suggest that they are the determining factor in the outcomes. Notes. 1. For example, Lawrence E. Harrison, Who Prospers? How Cultural Values Shape Economic and Political Success (New York: Basic Books, 1992); Thomas Sowell, Race and Culture: A World View (New York: Basic Books ...

AutoCAD Line Type Scales, The Secret Truth.

A prime number (or a prime) is a natural number greater than 1 that is not a product of two smaller natural numbers. A natural number greater than 1 that is not prime is called a composite number. For example, 5 is prime because the only ways of writing it as a product, 1×5 or 5×1 , involve 5 itself. However, 4 is composite because it is a product (2×2) in which both numbers are smaller ...

Last week, I criticized a recent report from the American Press Institute and the Associated Press-NORC Center for Public Affairs Research. That report made a number of bold claims about the American public and what it said was a widespread lack of support for core journalistic values like transparency, oversight, and giving voice to the less powerful.

Do Americans really not support "core journalism values ...

Ciphertext is encrypted text transformed from plaintext using an encryption algorithm. Ciphertext can't be read until it has been converted into plaintext (decrypted) with a key. The decryption cipher is an algorithm that transforms the ciphertext back into plaintext.

What is Ciphertext?

He agrees that "the whole gamut of values and practices in which the individual is necessarily embedded is a creation of cultural community and is

part of his history” and that this indicates a close relationship between the communal structure and individual's goals (Wiredu & Gyekye 1992, 112 note 20).
